PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Robert Fabian respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 224C2 at Buffalo, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 224C2 to Buffalo, Oklahoma, as that community's first aural broadcast transmission service. Buffalo, Oklahoma is an incorporated community of over 1,200 people. Buffalo has its own local government, post office, city hall, fire department, schools and numerous churches that serve the community. The mayor of Buffalo is Cristina Richard. The proposed channel 224C2 will provide additional diversity and an outlet for local self-expression to Buffalo residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 224C2 can be allocated to Buffalo, Oklahoma consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). Note: Channel 224C2 Petition to Ft. Supply, Oklahoma was dismissed by the Commission on 6/14/02.

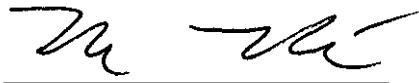

Reference coordinates are:

99 24 30 W

Should this petition be granted, and Channel 224C2 be allotted to Buffalo, Oklahoma, Petitioner will apply for Channel 224C2, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Robert Fabian
